

MTB Exams New Accredited Qualifications

Following the introduction of our new Ofqual Accredited Grades 1-8 on the 1st March 2019, there will be a number of important changes as detailed below:

- *Our exams will no longer be teacher assessed but will be marked by specialist MTB Examiners*
- Teachers will now simply record and authenticate the assessment before uploading the recording to MTB Exams to be marked.
- *These qualifications will be Ofqual accredited and can only be entered and submitted for marking from 1st March 2019* - Any exams entered and paid for prior to this date will use the current system and will therefore be teacher assessed and must be submitted for moderation by 1st May 2019.
- *Teachers will need to re-register on the website from the 1st March in order to access our new accredited grades.*
- *The exam structure and syllabuses will remain unchanged for our new accredited grades.*
- *There will be a change to our exam fees on the introduction of these new accredited grades and the new assessment process* – To view our new exam fees please [click here:](#)
- *If you have any questions, please contact MTB Exams using the 'contact us' page on the website.*
